

# **JOB DESCRIPTION**

# ADJUNCT FACULTY POSITION IN MANAGEMENT INFORMATION SYSTEMS AND DATA ANALYTICS

JOB DETAILS		
Position Title:	Adjunct/Visiting Faculty Position in Management Information Systems and Data Analytics	Grade
Department/Division:	Business and Management	
Reports to:	Department Chair	
Supervises:	None	
Last Updated on:	October 10, 2025	

# THE POSITION:

The Department of Business and Management at RIT Dubai invites applications for an Adjunct/Visiting Faculty position in Management Information Systems (MIS) and Data Analytics. This teaching-focused role involves delivering at least two and up to five undergraduate and/or graduate-level courses for the Spring semester starting in January 2026. Compensation is provided on a per-course credit basis in accordance with RIT Dubai's adjunct/visiting faculty pay structure.

The ideal candidate will bring strong industry experience in information systems, analytics, or technology-driven business solutions, with the ability to demonstrate real-world applications of data in decision-making and strategy. This role is well-suited for practitioners looking to share applied knowledge while maintaining their industry career.

# **KEY RESPONSIBILITIES:**

- Teach up to two undergraduate/graduate courses per semester in areas such as Management Information Systems, Data Analytics, Business Intelligence, or Digital Business.
- Deliver instruction that is application-oriented and aligned with evolving industry technologies and tools.
- Share practical insights and case studies based on professional experience in MIS and analytics.
- Design course content that integrates data visualization, systems thinking, and business problem-solving.
- Guide students in the use of tools such as Excel, SQL, Python, R, Tableau, or Power BI.
- Participate in departmental meetings as required.

#### **REQUIRED QUALIFICATIONS:**

- A Master's degree (for the Adjunct role) or a PhD (for the Visiting role) in MIS, Data Analytics, Information Technology, or a related field from an accredited institution.
- Minimum 5 years of relevant industry experience in MIS, analytics, or IT consulting.

# Rochester Institute of Technology of Dubai

- Demonstrated ability to communicate technical and data concepts clearly and effectively.
- Strong interpersonal skills and commitment to student learning and applied teaching.

# **PREFERRED QUALIFICATIONS:**

- Professional certifications such as CBIP, CAP, PMP, or equivalent.
- Prior university-level teaching experience.
- Familiarity with data visualization platforms, database management, or ERP systems.
- Active engagement in technology and analytics communities or networks.

# **APPLICATION PROCESS:**

This position is credit-rate paid, and teaching assignments will be made based on course availability and departmental needs. The contract is semester-based, with the possibility of renewal.

Candidates are invited to submit their applications via email to **careersdubai@rit.edu**. Please include the following materials:

- 1. A current CV, detailing industry and teaching experience.
- 2. A cover letter outlining your professional background and approach to practice-based teaching.
- 3. Recent student feedback or teaching evaluations (if available).
- 4. Contact details for two professional references (name, title, institution, email, phone).
- 5. Any relevant professional certifications or supporting documents.

**Subject Line Format of the Application:** [Source] – [Your Name] – [Position Title] Review of applications will begin immediately and continue until a candidate is selected. Only shortlisted candidates will be contacted.
