

Tutoring and mentoring services are available year round. Advisors in the Kate Gleason College of Engineering and elsewhere at RIT can help you with high school-college transition issues, discover your own learning style, and develop study skills that will optimize your program of study. Tutors are available for every area of study.

**Engineering Tutoring:** If you are struggling in an engineering class, please visit your professor during their office hours or contact them to arrange a convenient time. Each of the engineering programs offers tutoring on their undergraduate courses as follows:

- **Biomedical Engineering:** Contact [Renee Milliken](#) or stop in the department office INS-3101.
- **Chemical Engineering:** Contact [Vicki Rocha](#) or stop in the department office INS 2101.
- **Computer Engineering:** The CE department will offer tutoring for CMPE 160, CMPE 250, and CMPE 260. The tutoring schedule will be posted outside of Computer Engineering Mentoring Lab (GLE-3452). For details, please consult with the Computer Engineering Advising team or Lab Manager Rick Tolleson.
- **Electrical & Microelectronic Engineering:** The tutoring schedule will be posted on the bulletin board near student mail folders. The tutoring location is in Erdle Commons GLE 1st floor in the cubicle closest to the vending room in Erdle commons, north side of Erdle Commons.
- **Industrial & Systems Engineering:** The ISE Department will offer tutoring for most ISEE undergraduate courses, as well as STAT 251 in GLE 1562 (ISE break room). Contact Amy Powell or a member of the advising team.
- **Mechanical Engineering** The tutoring schedule will be posted on the bulletin board near student mail folders. The tutoring location is in Erdle Commons GLE 1st floor in the cubicle closest to the Gosnell building, south side in Erdle commons.
