Accessing an Online Learning Asset

ELZ is your one-stop shop for browsing and enrolling in ILT courses, creating a professional development plan, and tracking previous courses you’ve taken. To get started, log in using your RIT username and password, then use the **MY PLAN, MY PROGRESS, and CATALOG** tabs on the left to navigate.

ELZ provides thousands of online learning assets, including self-paced courses, Books 24x7 and simulations to practice your skills.

1. To access an online learning asset, go to the **Catalog** tab and locate the **SkillSoft Online Learning Assets** folder to locate an asset. Alternatively, you can use **SEARCH-and-LEARN** to find an online learning asset by using keywords.

2. Use the tree format to drill down to the course or topics you are interested in.

3. Hover over the desired course. Click **Show Details** to learn more about the course or **Launch** to begin the course. When you are viewing the details, you can launch the course by clicking the blue triangle, or add to **My Plan**.

4. You can return to any previously started online learning asset by clicking on **MY PROGRESS, In Progress** tab.

5. Once you complete the learning asset, it will show in the **MY PROGRESS, Completed** tab.
