The universal waste regulations streamline collection requirements for certain hazardous wastes in the following categories:

- **Batteries** (Common types of *universal waste* batteries are Nickel- Cadmium (Ni-Cd), Nickel Metal Hydride (Ni-MH), Lithium Ion (Li- Ion), and Small Sealed Lead-Acid (Pb)). **DO NOT** dispose of a leaking battery in this area, call 5-2040 for instructions on disposing of a leaking battery.
  - Alkaline batteries can be disposed of in the trash.

- **Pesticides**, **Mercury-Containing Thermostats**, and

- **Lamps** (Mercury-Containing Equipment)
