

## **Staff Compensation Project Employee Informational Sessions**

RIT Human Resources is offering several informational sessions to provide employees an overview of the Staff Compensation Project. As previously communicated, the project had two main objectives:

1. Develop a more robust internal job assessment to evaluate staff positions.
2. Assess RIT's wage grade structures (market bands) for staff positions to ensure we continue to align competitively with local and national labor markets.

Judy Bender, Assistant Vice President of Human Resources, will be the presenter and will review the major elements of the project as well as answer staff questions relating to the project.

Please note: All staff employees will be sent a letter on May 31, 2013 to their home address; this letter will provide the employee's current wage grade and wage grade band (minimum, midpoint and maximum) as well as the employee's new wage grade and wage grade band (minimum, midpoint and maximum). If you have specific questions related to this information, please contact your Human Resource Services Manager. (Click [here](#) for HRSM contact information.)

*Additional informational sessions will be added if the following sessions reach capacity.*

*To request interpreting services for any of these sessions please click on the following link to contact the [CPD Office](#).*

**Date:** Tuesday, June 11
