

# 15<sup>th</sup> Annual SWE Overnight Program

Hosted by RIT's Society of Women Engineers  
Thursday, February 5<sup>th</sup> and Friday, February 6<sup>th</sup>, 2015

**SWE Overnight** is a shadow program at Rochester Institute of Technology for female high school juniors. This program offers participants the opportunity to explore various engineering fields through hands-on workshops and interaction with current RIT engineering students as well as professors. A mentoring relationship can also be developed through our panel discussion and mentoring lunch, which helps facilitate the transition from high school to college. Our goal is to motivate and inspire young women to pursue a career in STEM fields.

In addition, you will:

- experience life as a college student
- spend the night on campus
- eat in the student dining facilities
- share fun experiences
- make new friends

The RIT campus is reachable by car, bus, train, and plane (the Greater Rochester International Airport is only 10 minutes away) therefore making it easy for participants traveling from farther away to attend.

## DETAILS

When: Thursday, February 5<sup>th</sup> 1:45pm to 10:00pm (Check-in begins at 1pm)  
Friday, February 6<sup>th</sup> 7:30am to 4:00pm

Where: Rochester Institute of Technology Campus

Cost: \$125 per student (*Includes: a SWE overnight T-shirt, meals, overnight accommodations, hands on engineering activities, and mentoring by RIT engineering students.*)

\*Need based scholarships are available

Registration: Online registration will begin November 1<sup>st</sup>, 2014. Check out the RIT SWE website ([www.rit.edu/swe/participants.html](http://www.rit.edu/swe/participants.html)) for more details. Please register as soon as possible when registration opens to ensure enrollment (*Program registration is on a first come, first serve basis—limited to first 50 students*)
