- **Browse exhibits ahead of time.** There are hundreds of things to see at Imagine RIT and you can start anywhere — the field house, SHED, or Liberal Arts Hall. Pick a location and start exploring exhibits or browse exhibits ahead of time and build your schedule.
- **Support your COLA friends.** From interdisciplinary exhibits like the HCD HUB or MISHA & the Cultural Heritage Imaging Lab to exhibits on topics in psychology, AI, worldbuilding, history, and more, prepare to be amazed at the brilliance of your fellow students. Plus, don't miss performing arts popping up all over campus!
- **Invite your friends.** Imagine RIT is a unique tradition and every year you'll find something different. Make a plan with your friends to attend this year and start thinking about your own exhibit for the future.
