## 7 Progress Check

Successful students check in and ask for feedback. The semester goes by fast so now is the time to check your grades and touch base with your instructors to make sure you're on track.

### 3 Ways to ROAR this Week:

- **Check in with your deadlines.** Find your syllabus on MyCourses for each class. Make sure you have turned in all assignments due so far and catch up where needed.
- **Check your grades.** Want to check your grades? MyCourses has that too! Click on the Grades tab for each course in MyCourses to see how you're doing. You can look back at your syllabus to see how much each assignment counts toward your final grade.
- **Respond to Academic Alerts.** An Academic Alert allows instructors to flag concerns about your class progress early so you have time to take action. If you receive an Academic Alert email from your instructor, use this as your sign to take action. Meet with your instructor now to make a plan to get back on track.
