

ROAR & SOAR

RIT | College of
Liberal Arts

Check in on Your Academic Progress

Successful students check their grades, touch base with instructors, and ask for feedback. The semester goes by fast so now is the time to check in.

3 Ways to ROAR this Week:

- **Check in with your deadlines.** Find your syllabus on MyCourses for each class. Make sure you have turned in all assignments due so far and catch up where needed.
- **Respond to Academic Alerts.** An Academic Alert allows instructors to flag concerns about your class progress early so you have time to take action. If you receive an Academic Alert email from your instructor, meet with them as soon as possible and make a plan to get back on track.
- **Check your grades.** Want to check your grades? MyCourses has that too! Click on the Grades tab for each course to see how you're doing. You can look back at your syllabus to see how much each assignment counts toward your final grade.

< Log into MyCourses to check deadlines, grades, and academic alerts.
