

# Trust Information Programs Services (T.I.P.S.)

By: Mike Langenbacher

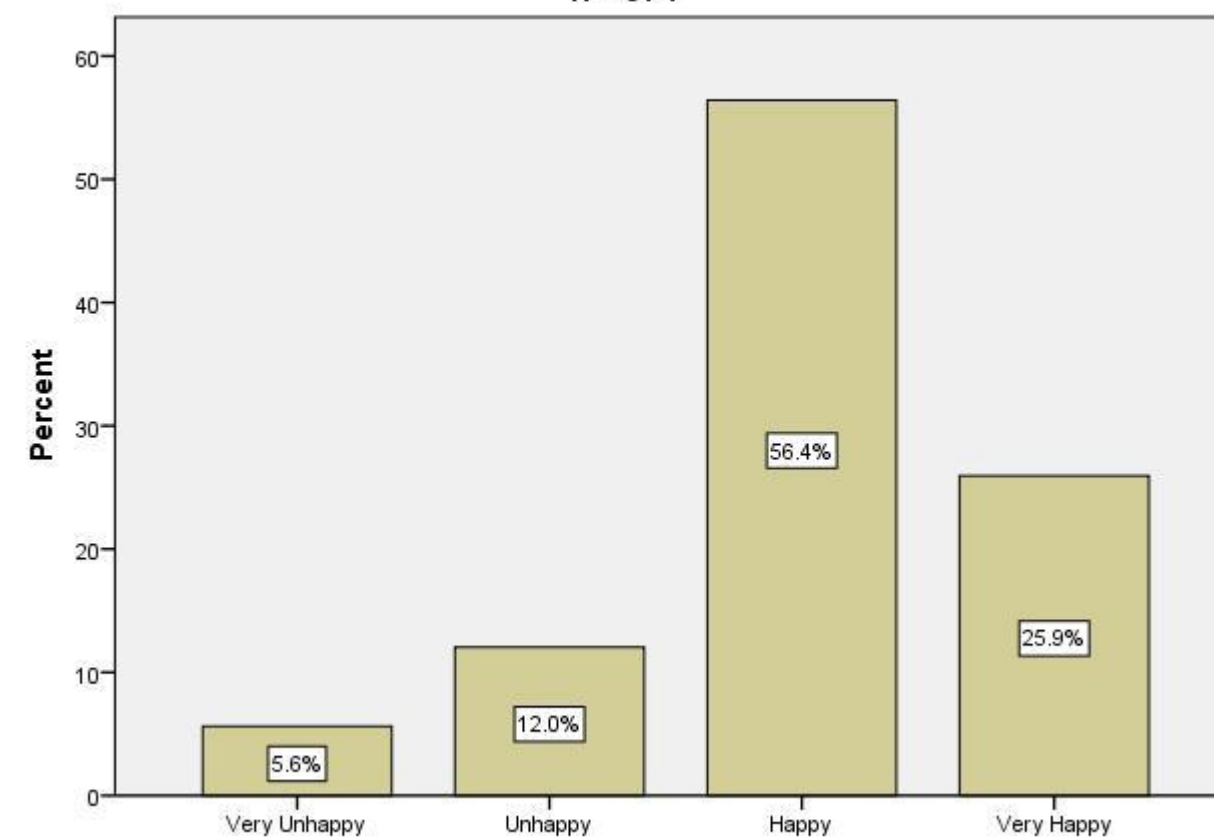

- TIPS began in 2008, in collaboration between Camp Good Days and Special Times, the Rochester Police Department, and Rise Up Rochester.
- Selected neighborhoods are visited and teams involving community representatives and public employees interview residents to determine the quality of life in their neighborhood.
- Through these interactions, community members are given a chance to interact with the police in a positive manner, and information regarding perceptions around crime and violence is recorded anonymously and presented to stakeholders.
- Residents are provided information on services such as health care, reporting crime, and quality of life issues.
- TIPS has visited 14 neighborhoods since 2008, and four more will be visited this summer. The first TIPS of 2013 will be held on Thursday May 16<sup>th</sup> in Pulaski Park.
