

RIT is an inclusive community of curious problem solvers. Through an intentional blending of technology, the arts, and design, we find new and meaningful ways to move the world forward. We provide exceptional individuals with a wide range of academic pathways, including expansive experiential learning opportunities, a leading research program, and internationally recognized education and access services for deaf and hard-of-hearing students.

First-Year Admissions Overview

Admission Pathways

Applicants select from three entry paths:

- 1 Apply directly to a major and start your desired course work right away.
- 2 Apply to a college-based Exploration Option to learn more about specific majors within a college.
- 3 Apply to the Individualized Program major to design a degree around your interests, goals, and career aspirations.

RIT is test-optional.

You may choose to apply SAT/ACT test-optional, or choose to have scores considered with your application.

Admission to RIT is competitive, but our admission process is a personal one. Each application is reviewed holistically for strength of academic preparation, counselor recommendations, and your personal career interests. We seek applicants from a variety of geographic, social, cultural, and economic backgrounds.

For all bachelor's degree programs, a strong performance in a college preparatory program is expected. Generally, this includes 4 years of English, 3-4 years of mathematics, 2-3 years of science, and 3 years of social studies and/or history. **See specific math and science requirements and other recommendations below.**

College	Majors and Options	Specific Math and Science Requirements and Other Recommendations	Middle 50% of Accepted Applicants for 2024	
College of Art and Design	School of Art <ul style="list-style-type: none"> • Illustration • Medical Illustration • Studio Arts <ul style="list-style-type: none"> – Ceramics Option – Furniture Design Option – Glass Option – Metals and Jewelry Design Option – Printmaking Option – Painting Option – Sculpture & Expanded Forms Option • Studio Arts Exploration Option¹ 	School of Design <ul style="list-style-type: none"> • 3D Digital Design <ul style="list-style-type: none"> – 3D Visualization Option – Game Arts Option • Graphic Design • Industrial Design • Interior Design • <i>New Media Design</i> 	<ul style="list-style-type: none"> • All programs require studio art experience and a portfolio of original artwork. • Portfolio guidelines can be found at rit.edu/artdesign/portfolio-requirements. • Medical illustration requires biology. 	GPA 91-96 SAT 1280-1440 ACT 28-33
	School of Film and Animation <ul style="list-style-type: none"> • Film and Animation <ul style="list-style-type: none"> – Animation Option – Production Option 	<ul style="list-style-type: none"> • <i>Motion Picture Science</i> 	<ul style="list-style-type: none"> • Film and Animation requires a portfolio. Guidelines at rit.edu/admissions/first-year-application#what-we-look-for. • Motion picture science requires 4 years of math which must include algebra, geometry, algebra 2/trigonometry, and pre-calculus. Calculus is preferred. Chemistry or physics is required and both are recommended. 	GPA 92-96 SAT 1300-1410 ACT 29-32
	School of Photographic Arts and Sciences <ul style="list-style-type: none"> • Photographic and Imaging Arts <ul style="list-style-type: none"> – Advertising Photography Option – Fine Art Photography Option – Photojournalism Option – Visual Media Option 	<ul style="list-style-type: none"> • <i>Photographic Sciences</i> • Photographic Arts and Sciences Exploration Option¹ 	<ul style="list-style-type: none"> • Photographic sciences requires 3 years of math (algebra, geometry, and algebra 2/ trigonometry). Pre-calculus and biology preferred. 	GPA 89-95 SAT 1180-1370 ACT 25-32
Saunders College of Business	<ul style="list-style-type: none"> • Accounting • Finance • Global Business Management • Hospitality and Tourism Management 	<ul style="list-style-type: none"> • Management Information Systems • Marketing • <i>Supply Chain Management</i> • Business Exploration¹ 	<ul style="list-style-type: none"> • 3 years of math is required (algebra, geometry, algebra 2/trigonometry). Pre-calculus preferred. 	GPA 91-96 SAT 1250-1420 ACT 27-33
Golisano College of Computing and Information Sciences	<ul style="list-style-type: none"> • Computer Science • Computing and Information Technologies* • Cybersecurity • Game Design and Development 	<ul style="list-style-type: none"> • <i>Human-Centered Computing*</i> • <i>New Media Interactive Development</i> • Software Engineering • Web and Mobile Computing* • Computing Exploration¹ 	*Programs <ul style="list-style-type: none"> • 3 years of math is required (algebra, geometry, algebra 2/trigonometry). Pre-calculus preferred. • Chemistry or physics is required; both preferred. • Computing electives preferred. All Other Programs <ul style="list-style-type: none"> • 4 years of math is required (algebra, geometry, algebra 2/ trigonometry, pre-calculus). Calculus preferred. • Chemistry or physics is required; both preferred. • Computing electives preferred. 	GPA 93-98 SAT 1360-1510 ACT 31-35
Kate Gleason College of Engineering	<ul style="list-style-type: none"> • Biomedical Engineering • Chemical Engineering • Computer Engineering • Electrical Engineering 	<ul style="list-style-type: none"> • Industrial Engineering • Mechanical Engineering • <i>Microelectronic Engineering</i> • Engineering Exploration¹ 	<ul style="list-style-type: none"> • 4 years of math is required (algebra, geometry, algebra 2/trigonometry, pre-calculus). Calculus preferred. • Chemistry and physics are required. • Biomedical Engineering requires biology. 	GPA 94-98 SAT 1360-1500 ACT 32-34
College of Engineering Technology	<ul style="list-style-type: none"> • Civil Engineering Technology • Computer Engineering Technology • Electrical Engineering Technology • Environmental Sustainability, Health and Safety 	<ul style="list-style-type: none"> • Mechanical Engineering Technology • Mechatronics Engineering Technology • <i>Robotics and Manufacturing Engineering Technology</i> • <i>Packaging Science</i> • Print and Graphic Media Technology • Engineering Technology Exploration¹ 	<ul style="list-style-type: none"> • 3 years of math is required (algebra, geometry, algebra 2/trigonometry). Pre-calculus preferred for all programs. • Chemistry or physics required and biology recommended. • Technology electives preferred. 	GPA 91-96 SAT 1290-1440 ACT 29-34
College of Health Sciences and Technology	<ul style="list-style-type: none"> • Biomedical Sciences • Diagnostic Medical Sonography (Ultrasound) • Exercise Science 	<ul style="list-style-type: none"> • Global Public Health • Nutritional Sciences • Physician Assistant (BS/MS) 	<ul style="list-style-type: none"> • 3 years of math is required (algebra, geometry, algebra 2/trigonometry). Pre-calculus is preferred. • Pre-calculus is preferred for all programs. • For Global Public Health, pre-calculus and/or statistics is preferred. • Biology and chemistry are required for all programs.** 	GPA 94-98 SAT 1290-1450 ACT 29-33

**Diagnostic Medical Sonography does not require chemistry but does prefer chemistry and physics.

**Take the next step to learn about
RIT's New Economy Majors at**

rit.edu/new-economy.

At RIT,
we're thinking about

**your
future**

as much as you are.

Technology is driving
unprecedented changes
in the way we work.

Today's college grads need
skills—analytical thinking,
complex problem solving,
creativity, resilience, and
flexibility—that can adapt to
evolving career fields.

New Economy Majors are

Future Focused

By concentrating on high-growth
industries and co-op experiences
in demand by employers, you're
positioned for success in today's
evolving economy.

In Demand

With a collective outcomes rate of
94%, these degree programs result in
a powerful competitive advantage.

Why Students Choose RIT

Cooperative Education and Internships

Co-op is full-time, paid career experience earned in a range of industries.

A look at last year's co-op stats:

4,412

students who completed co-ops

1,881

employers worldwide

\$68m

in co-op earnings

95%

of co-op employers say they would hire their co-op student full time

Combined Accelerated Bachelor's/Master's Degrees

RIT offers 70+ combined bachelor's/master's degrees. These pathways enable students to earn two degrees in less time, and at a lower cost, while still taking advantage of cooperative education experiences, internships, research, study abroad, and more. A select group of our most qualified first-year applicants are offered conditional early admission to select graduate programs.

Experiential Learning

On day one, students can start turning knowledge into know-how with hands-on experiences in classrooms, research labs and studios; in the field; or on performance teams.

Global Experiences

Students challenge themselves, enhance their cultural understanding, and gain a better appreciation of the social issues that affect us all globally. There are over 600 study abroad and international experience opportunities across more than 60 countries. Students may also choose to enroll in one of our global locations in China, Croatia, Dubai, and Kosovo.

Welcoming and Inclusive Environment

RIT is made up of an exceptional community of people who hold a genuine appreciation for unique interests and points of view. With our customizable offerings, students can merge their passions and their coursework through performing arts, esports, the art experience program, and more.
