RIT admits transfer students directly to a specific academic major. Given the variety of academic majors at RIT, admissions requirements and guidelines may differ from one major to another. The table below provides an overview of the recommended courses and/or associate degree programs transfer students should consider to maximize their transferable credits.

### FLEX TRACK
**SCHOOL OF INDIVIDUALIZED STUDY**

| Majors and Options: Applied Arts and Sciences | Transfer Course Recommendations without Associate Degree: Courses in studio art, art history, and liberal arts. A portfolio of original artwork is required to determine admissions, studio art credit, and year level in the program. | Appropriate Associate Degree Programs for Transfer: The applied arts and sciences program is particularly appropriate for individuals who have prior college-level learning, are interested in changing majors, have unique ideas about how they want to design their academic areas of study, or want to prepare themselves for a career that requires skills and expertise from several disciplines. |

### TRADITIONAL TRACK
**COLLEGE OF ART AND DESIGN**

| Majors and Options: School of Art Illustration, Medical Illustration, Studio Arts | Transfer Course Recommendations without Associate Degree: Courses in liberal arts, science, design, drawing, and film, video, or animation. | Appropriate Associate Degree Programs for Transfer: Transfer as a third-year student is uncommon, as comparable programs are not generally available at other colleges. |
| Majors and Options: School of Design 3D Digital Design, Graphic Design, Industrial Design, Interior Design, New Media Design | Transfer Course Recommendations without Associate Degree: Courses in calculus or higher mathematics, college chemistry, calculus-based physics, and liberal arts | Appropriate Associate Degree Programs for Transfer: Transfer as a third-year student is uncommon, as comparable programs are not generally available at other colleges. |
| Majors and Options: School of Film and Animation Film and Animation | Transfer Course Recommendations without Associate Degree: Courses in liberal arts, photography, design, and art history. Portfolio required for photo credit. | Appropriate Associate Degree Programs for Transfer: Applied Photography. Portfolio required for photo credit. |
| Majors and Options: School of Photographic Arts and Sciences Photographic and Imaging Technologies Biomedical Photographic Communications Option | Transfer Course Recommendations without Associate Degree: Courses in biology, photography, and liberal arts. Portfolio required for photo credit. | Appropriate Associate Degree Programs for Transfer: No common program available |
| Majors and Options: Imaging and Photographic Technology Option | Transfer Course Recommendations without Associate Degree: Courses in college physics, mathematics, photography, and liberal arts. Portfolio required for photo credit. | Appropriate Associate Degree Programs for Transfer: No common program available |

### SAUNDERS COLLEGE OF BUSINESS

| Majors and Options: Accounting | Transfer Course Recommendations without Associate Degree: Courses in economics, accounting, liberal arts, science, and mathematics | Appropriate Associate Degree Programs for Transfer: AS degree in Accounting or Business Administration |
| Majors and Options: Finance International Business Management Marketing New Media Marketing Supply Chain Management | Transfer Course Recommendations without Associate Degree: Courses in economics, liberal arts, science, and mathematics | Appropriate Associate Degree Programs for Transfer: AS degree in Business Administration or Liberal Arts |
| Majors and Options: Management Information Systems | Transfer Course Recommendations without Associate Degree: Courses in liberal arts, math, science, economics, and computer science | Appropriate Associate Degree Programs for Transfer: AS degree in Data Processing/Management Information Systems or in Business Administration |
| Majors and Options: Hospitality and Tourism Management | Transfer Course Recommendations without Associate Degree: Courses in business and economics, foreign language, math, science, and liberal arts | Appropriate Associate Degree Programs for Transfer: Dietetics or Nutrition, Food Service Management, Hotel/Resort Management, Restaurant Management, Travel/Tourism Management, Agriculture and Technology, Business, or Liberal Arts |

## 2019-20 Financial Aid and Scholarships for Transfer Students

RIT has a long history of providing educational opportunities to qualified transfer students regardless of their families’ economic circumstances. We offer a comprehensive financial aid program consisting of merit-based scholarships and a full range of need-based grants, loans, and campus employment programs. More than 77 percent of full-time undergraduate students at RIT received more than $320 million in financial aid this year. Many students and families also take advantage of our monthly payment plan, tuition prepayment plan, and opportunities for students to earn salaries through cooperative education.

### Notes
- This chart covers the most commonly awarded financial aid programs available to full-time undergraduate transfer students at RIT. Information is correct at time of printing.
- Most programs require satisfactory progress toward degree completion to maintain eligibility (see RIT Undergraduate Bulletin).
- Federal Student Aid programs are subject to government appropriations.
- Scholarships provided by RIT will be prorated for NTID-sponsored students to reflect lower NTID tuition rates.
TRANSFER ADMISSION OVERVIEW

As one of the world’s leading technological institutions, RIT is a vibrant, connected community that offers transfer students an incredible array of academic programs; a diverse, committed, and accessible faculty; sophisticated facilities; an unusual emphasis on experiential learning; and outstanding outcomes!

Recognizing that not all transfer students have the same goals, objectives, or journeys, RIT offers transfer students two distinct tracks.

Transfer Admission Checklist

✓ Complete and submit/sign your application by using the RIT Online Application or the Common Application

✓ Pay the $65 application fee

✓ Request official academic transcripts from all colleges you have attended (even if only one class)

✓ If you have completed fewer than 30 semester hours (45 quarter hours) at the time of your application, high school transcripts and SAT/ACT scores are required

✓ A portfolio is required for admission into our School of Art, School of Design, and School of Film and Animation. A portfolio is not required for admission to our School of Photographic Arts and Sciences unless an applicant is seeking transfer credit for completed course work in photography.

Application Timelines

For best consideration for admission and scholarships—and because many programs fill to capacity—we strongly recommend that applicants file their materials on or before

- **February 1** for fall or summer admission
- **November 1** for spring admission.

Fall applicants to the physician assistant program must have all application materials in by December 1. Applications for transfer admission will be accepted after those dates and reviewed on a rolling, space-available basis.

Transferring Credits to RIT

- A transfer credit evaluation is completed as part of the application process.
- Credit is granted by the academic departments for course work that is related to your intended program, if it is taken at a regionally accredited college or university. Usually a grade of “C” or better is required for transfer credit to be awarded.

- There is no limit on the number of credit hours that can be awarded; however, a recipient of a two-year associate degree from another accredited university cannot receive more than 60 semester credits for that degree.

- A minimum of 30 semester credit hours needs to be completed at RIT in the college granting the degree for associate and baccalaureate degree candidates. A matriculated undergraduate student's year level is determined by the number of credit hours the student has earned according to the scale below. (This does not include course work in progress.)

An additional 2,188 students are enrolled at RIT’s international campuses.

RIT is an internationally recognized leader in preparing deaf and hard-of-hearing students for successful careers in professional and technical fields. The university provides unparalleled access and support services for the more than 1,100 deaf and hard-of-hearing students who live, study, and work with hearing students on the RIT campus.

RIT ALUMNI number nearly 125,000 worldwide.

COOPERATIVE EDUCATION provides paid career-related work experience in many degree programs. RIT has the fourth-oldest and one of the largest cooperative education programs in the world, annually placing more than 4,400 students in nearly 6,300 co-op assignments with nearly 2,300 employers across the United States and overseas.

The RIT LIBRARIES consist of Wallace Library, the RIT Archive Collections, and the Cary Graphic Arts Collection. Wallace Library provides a vast array of resource materials, both print and online, and is open 24/7 during the academic year. Librarians associated with each college are ready to assist with research and class assignments. The RIT Archive Collections serves as the official repository for RIT’s historically valuable records and artifacts. The Cary Collection is one of the country’s premier libraries on graphic communication history and practices, and has a policy of liberal access for all students. For more information: http://library.rit.edu/.

HOUSING: Many of RIT’s full-time students live in RIT residence halls, apartments, or townhouses on campus. On-campus fraternities, sororities, and special-interest houses are also available. Freshmen are guaranteed housing.

STUDENT ACTIVITIES: Major social events and activities are sponsored by the College Activities Board, Residence Halls Association, sororities, fraternities, and special-interest clubs of many kinds. There are more than 300 clubs and student organizations on campus.

ATHLETICS: Men’s Teams—baseball, basketball, crew, cross country, ice hockey (Division I), lacrosse, soccer, swimming, tennis, track, and wrestling

Women’s Teams—basketball, crew, cross country, ice hockey (Division I), lacrosse, soccer, softball, swimming, tennis, track, and volleyball

RIT offers a wide variety of activities for students at all levels of ability. More than 50 percent of our undergraduate students participate in intramural sports ranging from flag football to golf to indoor soccer. Facilities include the Gene Polisseni Center, which houses RIT’s hockey arena and accommodates 4,300; the Gordon Field House, featuring two swimming pools, a fitness center, indoor track, and an event venue with seating for 8,500; the Hale-Andrews Student Life Center, with five multipurpose courts, eight racquetball courts, and a dance/aerobics studio; the Ritter Ice Arena; and outdoor facilities including an all-weather track, tennis courts, and several athletic fields.

EXPENSES: Full-time students enrolling for the first time and living in an RIT residence hall have the following 2018-19 academic year expenses. We estimate that the typical student also spends an average of $2,054 per year for books, transportation, and personal expenses.
