Deaf educators' meet

Professors from all over the world attended "Teaching English as a Second Language," a series of workshops at Rochester Institute of Technology's National Technical Institute for the Deaf (NTID). At far right is Jonathan Tusalem, a professor at DLSU-College of Saint Benilde and lone Filipino del-

egate to the workshop series co-sponsored by PEN-International.

DLSU-CSB's School of Deaf Education and Applied Studies, where Tusalem works, has links with New York-based NTID, the world's largest technological college for students who are deaf and hard of hearing.
