

B. Thomas Golisano College of Computing and Information Sciences and
National Technical Institute for the Deaf Articulation Agreement

The purpose of this Transfer Agreement is to:

- Attract qualified students to the Web and Mobile Computing program.
- Facilitate the transition of qualified transfer students from the National Technical Institute for the Deaf to the Web and Mobile Computing program at the B. Thomas Golisano College of Computing and Information Sciences.
- Encourage academic cooperation and exchange of information between the Information and Computing Studies department and the Information Sciences and Technology Department.

Terms

- The Web and Mobile Computing program at the B. Thomas Golisano College of Computing and Information Sciences agrees to accept those qualified students who have successfully completed their Associate of Applied Science degree in the Mobile Application Development program from the Information and Computing Studies Department at the National Technical Institute for the Deaf.

Qualified students will:

1. Have earned a cumulative grade point average of 2.75 or above on a 4.00 scale and
 2. Be a student in good standing at the National Technical Institute for the Deaf
- Transfer credit will be considered for all courses completed with a grade of "C" or better.
 - A review of this Articulation Agreement, effective October 15, 2017, can be requested by either college in case of significant curriculum changes, but no less than annually.
