III. Optional Summer Programs: Summer Transition Program & New Signers Program

Students **cannot sign up for both** of the following programs. If interested, they need to choose one or the other.

- The Summer Transition Program (STP) is a six-week program that is geared towards supporting the transition of our students from high school to college.

STP students will focus on developing their academic skills, enhancing their college readiness skills, meeting key RIT/NTID faculty and staff, getting to know the RIT campus and Rochester community, as well as meeting new friends.

This on-campus, in-person program runs July 8 - August 18, 2023. More information can be found at rit.edu/ntid/stp.

- New Signers Program (NSP) is a four-credit, three-week immersion program offered to newly accepted deaf and hard-of-hearing students who have little or no prior skills in American Sign Language.

NSP students will be introduced to basic sign skills, Deaf culture and awareness.

NSP is held July 24 - August 16, 2023. The program will be delivered virtually online from July 24 - August 4, 2023, and then resume in person August 9 – August 16. More information is available by visiting rit.edu/ntid/nsp.

There is no cost for either program (STP or NSP).

Dates for the 2024-2025 academic year will be determined in the spring of 2024.

IV. What is Vocational Rehabilitation

Vocational Rehabilitation (VR) provides services to individuals who are deaf or hard-of-hearing or to those who have disabilities and who need help to qualify for or to find a job. VR may assist with vocational training or college. VR services may include financial assistance, employment planning, counseling, transportation, and job placement assistance. A VR counselor, who determines eligibility for services, is assigned to each individual requesting assistance. States have various names for VR, and services vary depending on need and the state in which a student lives. Students are responsible for applying for these services through their local Vocational Rehabilitation office. For more information, visit rit.edu/ntid/tuition/vr.

V. How to Purchase Your Books

Akademus is RIT's official online virtual bookstore. Once students schedule classes in our Student Information System, their book list and course materials will appear in the Akademus system. You can visit our bookstore at rit.textbookx.com.

Some students prefer to order from alternative sources. If you are being supported by VR, it would be important to check with them to see if you have limitations on your vendor choices. Please note that book rentals cannot be purchased with VR funds.

In order to ensure that you are purchasing the books your professors want you to have for your courses, we recommend that you attend class before buying your books.

If Vocational Rehabilitation will be paying for books and supplies, authorizations should be directed to the bookstore by email, or mail to the address below.
