II. Summer Vestibule Program & RIT Orientation

Freshman students accepted into associate degree programs are required to participate in **NTID's orientation, Summer Vestibule Program (SVP)**. SVP is held August 10-August 18, 2020. Please check the website for possible scheduling changes that may occur due to COVID 19. More information is available by visiting: rit.edu/ntid/svp. Move-in details will be sent to the student's RIT email account.

Dates for the 2021-2022 academic year will be determined in the spring of 2021.

III. New Signers Program

New Signers Program is an **optional program**. It is a one-credit, two-week immersion program offered to newly accepted deaf and hard-of-hearing students who have little or no prior skills in American Sign Language. NSP is held July 27-August 14, 2020. Students will be introduced to basic sign skills, Deaf culture and deaf awareness.

Our program this year will be delivered virtually, on-line with no program fee to participate.

Please check the website for possible scheduling changes that may occur due to COVID 19. More information is available by visiting: www.rit.edu/ntid/nsp.

Dates for the 2021-2022 academic year will be determined in the spring of 2021.

IV. How to Purchase Your Books

Barnes & Noble is RIT's official campus bookstore. It is located on campus at Park Point. Students schedule classes in our Student Information System, print their schedule and book list corresponding to their selected class schedule and then purchase the books and supplies at the local store. Some students prefer to order from alternative sources.

In order to ensure that you are purchasing the books your professors want you to have for your courses, we recommend that you attend class before buying your books.

V. Health Insurance

RIT requires all students to have adequate medical insurance. This requirement enables access to health care when medical emergencies arise that require services provided outside of RIT's Student Health

Center. All registered full and part-time international students (except those on H1B visas) will be automatically enrolled in the annual plan and will be billed each semester. If you currently have adequate coverage you can waive out of the Aetna plan by completing the online waiver form. To submit a waiver, and for more information, visit www.rit.edu/studentaffairs/studenthealth/new-students/insurance. Annual cost of coverage is: \$1,954
