

## Announcement about Fall 2021 Alternate Grading for Undergraduates

At the request of Student Government, Faculty Senate considered an option for alternate grading for this semester. On November 18, Faculty Senate and Provost Granberg approved an **Alternate Grading option for undergraduate\* students this fall**. You will be able to see your final grades before deciding whether to make this alternate grading choice and then you will be able to select **ONE** class to apply this option to. Additionally, the course withdrawal deadline for this semester was extended until November 22<sup>nd</sup>.

Details about the Alternate Grading Option may be found [here](#). The alternate grading request form for fall will open on **December 8<sup>th</sup>** and you will be able to access the form at <http://infocenter.rit.edu>. We strongly recommend that you make your selection by **December 19<sup>th</sup>** so that end of semester processing reflects your adjusted GPA. The adjusted GPA is necessary for degree certification for fall graduates as well as probation, suspension, and dean's list review for all students.

Please also remember that undergraduate students may consider the newly implemented "pass / no pass" grading option for open elective classes only. This option must be decided with the form submitted by November 22<sup>nd</sup>. For details, please refer to the information previously provided and [posted here](#).

If you have further questions about these policies, please direct them to [registrar@rit.edu](mailto:registrar@rit.edu). Best wishes for a successful completion of the semester.

\*Undergraduate students in undergraduate classes.
