

RIT MS Program in Materials Science & Engineering
Grading Sheet: Thesis Completion

TO: Head, School of Chemistry & Materials Science

The undersigned state that _____
Candidate Student Number

has prepared and presented a Thesis entitled: _____

The candidate for the Master of Science degree in Materials Science & Engineering has presented a thesis and has taken a thesis defense examination. Write in PASS or FAIL for thesis and final.

<u>Written Grade</u>	<u>Final Oral Grade</u>	<u>Signature and Date</u>
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

_____ Date _____ Chairperson, Oral Committee

NOTE: No more than one negative vote on each required phase (thesis and thesis defense) is allowed for successful completion. If oral examination is not passed, the candidate will be allowed one more chance to achieve this goal.

It is possible to complete the form on different dates. For instance, the oral examination may be given prior to the final evaluation of the written thesis document if the adviser and student wish things to be completed in that order.

_____ Date _____ Director, Materials Science & Engineering

School of Chemistry & Materials Science
RIT MS Program in Materials Science & Engineering

Project Completion Memo

TO: Registrar

FROM: _____, Student's Advisor

This is to certify that _____
Candidate Student Number

has satisfactorily completed all the requirements for the degree of Master of Science in
Materials Science & Engineering in the School of Chemistry & Materials Science

This includes the successful completion of the Project entitled: _____

Date Project Advisor

Date Director, Materials Science & Engineering
