

SEAL E-Board Meeting
11/24/2013

Meeting with members from Student Government about an "Earth Week"

NTID Green Week

- Ideas about activities we can do to get students involved
- 5-days of the week
 - different activities each day
 - self watering plants
 - 2-liter soda bottle and a plant
 - educational activities
 - how much waste
 - what is wasted
 - statistics on how much energy is used by them and school
 - why are lights left on over night?
 - Heat and lighting in the dorms
 - carbon neutral offices
- Help students learn how to save money with the budget cuts
- Do the event around Earth day, April 22nd
- Have about 18 students that are willing to help and would like to work in us on the events during the week
- Have the RAs have their boards about sustainability right around Earth Week
 - Start with the RCs and work from there
 - Reslife: they hold an event with the dorms and we could work something out with them about sustainability
- One goal: make javas stop using Styrofoam cups
 - Look into the contract Javas and RIT
 - Carbon Footprint
- Superbowl Event – aiming to be completely carbon free; how can we incorporate that into being carbon free in NTID?

SEAL Potluck

- We all bring food that's left over in our fridge
- Have a big family dinner
- December 14th
- Google calendar online to view
- Bring a friend!

Sustainable Carnival

- Spring time
