

How to Enter and Post Final Grades

All final grades must be posted using the Student Information System (SIS). To access the SIS, go to sis.rit.edu/facultystaff and click the Student Information System link, then log in with your RIT username and password.

- 1 From the Main Menu, navigate to **Self Service > Faculty Center > My Schedule.**
- 2 Click the Grade Roster icon  next to the class you would like to submit grades for.
- 3 Use the dropdown menus in the **Roster Grade** column to assign a grade for each student on your grade rosters. Note that you can assign the same grade to multiple students at a time by checking the box next to their name and using the **<-add this grade to selected students** dropdown menu and button.

You may enter grades on a rolling basis and save your progress by clicking the  button. However, saving **DOES NOT** mean the grades have been submitted. You must post the grades in order for them to appear on a student's transcript.
- 4 Once you have set the roster grades for all students in your class, change the **Approval Status** dropdown menu to **Approved.**
