DIS - Study in Scandinavia

Copenhagen, Denmark

Fall, Spring, Summer

Denmark is a global leader in innovation and scientific research, and is home to the Medicon Valley life sciences hub attracting leading companies. In addition to classroom-based learning and research, students on DIS programs also participate in site visits and meet with experts in the field through program study tours.

Coursework in: Biomedicine, Environmental Science, Neuroscience, Biology (summer).

No language requirements. Courses taught in English.

University of Aberdeen

Aberdeen, Scotland

Affiliate Program through Arcadia University

Fall or Spring semester

Live and study in Scotland's third largest city at the University of Aberdeen, known for its strong emphasis on STEM subjects, including biosciences, chemistry, math, environmental science, and hydrocarbon/renewable energy studies. *Courses taught in English.*

Riley Kieffer

COS, Applied Mathematics
Studied in Dublin, Ireland

"Experiencing a different education system in Ireland has helped me become more self-motivated in my classes and taught me to delve further into topics on my own."

Getting Started

1. Learn more at: rit.edu/studyabroad
2. Meet with your **academic advisor** to discuss timing and coursework.
3. Explore programs in the Compass database:
rit.edu/studyabroad/Compass
4. Make an appointment with a study abroad advisor:

When You Should Go

The COS study abroad pathways identify the optimal timing for semester-long study:

Applied Math	2nd or 3rd year, fall
Biochemistry	3rd year, spring
Bio Informatics	4th year, spring
Biology	4th year, fall
Biotechnology	3rd year, spring
Chemistry	3rd year, fall
Computational Math	2nd or 3rd year, fall
Environmental Science	3rd year, spring
Imaging Science	2nd year, fall
Physics	3rd year, spring
Statistics	2nd or 3rd year, fall

However, work with your academic advisor to determine the best timing for you.

Tips

Consider taking some immersion, perspective, or general education courses abroad for more flexibility with program options.

If you can't fit in a full semester abroad, summer programs and short-term faculty-led programs are good alternatives.

Financial aid and scholarships are available! Ask a study abroad advisor for more details.

Study Abroad is a
co-op alternative

All RIT COS majors can use a semester or 10-week summer study abroad program as a co-op alternative.
