

Nice to meet you! My name is Hanae Ochi who was born and grew in Ehime where is fragrant with Japanese mandarin oranges (Mikan). I am a senior of Ehime University learning education for children with special educational needs.

This year is a leap year when the Olympics are held. I seem to become the busy year, because I have a teacher employment examination and the plan of the graduation thesis. Also I would like to spend days so that there is not regret, because it is the year of the last of college days.

Finally, I hope to see all of you in August. I wish all of you health and happiness.
