11. What did you like most about this workshop?

- Using technology to support basic classroom education management important use in the classroom
- Pedagogy, technology & instructional Design
- Benefit my experience through workshop about the technology support in our classroom. It is very important to make understand and way the technology.
- Very clear
- the topic is really of my interest.
- I like the information about outline access in courses modules syllabus for group professional faculty.
- Yes I like to learn new idea about technology classroom.
- Very familiar with this because I used to do this in class at RIT. Somehow, it's new yearly.
- Sharing; presenting real presentation on technological tools; using visual; interesting topic
- Good topic!
- All
- I like are the topics discussed because that's what I expected to learn.

12. Any suggestions for improvement?

- More development way idea deep technology to understand Deaf Faculty.
- Online course training for Faculty Development.
- More information about the technology in the classroom and new materials for high technology
- have a demo or show a class demo using technology
- more time...
- need to show how to hand on the computer not for much lecture
- need to show hand-on computer for access technology classroom
- internationally different
- time need more
- Ok!
- need to learn how to make the sample of technology way/ process the ways.

lecture first before questions.

13. What changes will you make in your teaching/administration based on this presentation?

- Depend like to changes more other way presentation.
- Ok!
- self-development that how to change teaching in the classroom, through I learned workshop.
- not to make technology the first priority. Technology should only be a way to teach.
- how to better use technology to help facilitate learning/ interaction in my class.
- no comments
- Good! I try to apply for strategy way technology classroom.
- pretty clear and helpful, also educational to all people who do not know much about technology
- analyze current instructional tools available at the campus & expand its usage.
- about structuring a lecture....
