PEN – International outcomes 2003, Tsukuba College of Technology

PEN-International, JAPAN April, 19, 2004 in Pittsburgh

2003 March 6 TCT students and 6 faculty members visited China, Tianjin University of Technology(TUT)

We learned a lot each other and exchanged teaching skills, materials and so on.

Details are in the paper of TCT Education and Disabilities(2004)

TUT and TCT have become sister relation!

TCT President Dr. Ohnuma and professor Araki visited TUT and exchanged the agreement with TUT President Dr. Li(李軍) and Director Professor Bao(鮑国東).

Thanks to the dedication of TUT, TCT came close with BUU(北京連合大学) and Changchun University(長春大学), too.

TCT are planning to have a kind of workshop "Learning from partners" with TUT and BUU in fall at TCT.

We hope we can share the educational fruits of each PEN members. We would like to propose building display corner where we can see students' works.

Paper-car race (made with PEN CAD)

11th Paper car race between TCT and Tsukuba Women's College were held in Tsukuba. It was the second participation for TUT, the first participation for the BUU by use of video conference system of PEN-International.

Our neighbor college and university also are supporting us, PEN-International.

Through presentations etc • • •

TCT has been presenting the information of PEN-International and it's activities at the every opportunity last year, too. On FM broadcasting, at educational or research society, and through SCS (Space Collaboration System), we exchange the information of the support for the deaf and HH students with other universities and colleges in Japan.
